

How to volunteer during the “Big Spring Clean”

You or your group choose a location you would like to cleanup or beautify

Suggestions:

- Pick up litter on roadways – contact your precinct commissioner for ideas on which roads may need the most attention.
- Contact local nursing homes – they may have projects that would allow you to work with the residents, such as planting flower beds
- Cleanup cigarette butts in parking lots – be sure to get permission from the establishment where the cleanup takes place and try to keep count of the number of butts picked up.

Fill out and turn in all the required forms (Group Registration & Volunteer Registration)

Participation in the “Big Spring Clean” requires registration from volunteers.

Perform the project you or your group have selected

Complete the “Big Spring Clean” wrap-up report

The wrap up report lets us know the project was accomplished and “how much” was done (ie. We gathered 20, 13gal bags of litter) . This information is valuable
