Generative artificial intelligence systems (such as ChatGPT, Harvey.AI, Google Bard, TensorFlow, Open AI, Bing, and many others) are being incorporated into common professional use. The abilities of these systems vary widely depending on the application, version, and specific underlying technology used. The creators of these systems are not attorneys of record, licensed and in good standing to practice law in the State of Texas, and are not bound by the Texas Disciplinary Rules of Professional Conduct.

WHEREAS the signing of a pleading or motion in Texas certifies that each claim, defense, or other legal contention in the pleading or motion is warranted by existing law or by a nonfrivolous argument for the extension, modification, or reversal of existing law or the establishment of new law;

WHEREAS courts have the inherent power to sanction parties for violation of rules, orders, standing orders, and statutory obligations; and

WHEREAS courts on their own initiative may direct a court participant to show cause why his or her conduct has not violated a rule, order, standing order or statutory obligation;

IT IS THEREFORE ORDERED THAT:

All attorneys and self-represented litigants who utilize any form of artificial intelligence for legal research or drafting in connection with a case shall before using any AI-generated information in a court submission or proceeding sign and submit the attached form certifying that:

1. All language, quotations, sources, citations, arguments, and legal analysis created by or contributed to by generative artificial intelligence were before submission verified as accurate through traditional (non-AI) legal sources by an attorney licensed to practice law in the State of Texas, and
2. That the person understands and acknowledges that they are and will be held responsible and potentially sanctioned for their or their co-counsel's failure to comply with this Order.
